

# QRF300C

## Qclick Response System

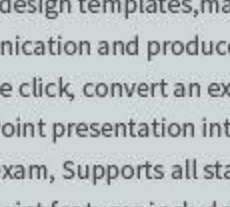

The QRF300C is a simple and high efficiency audience response system. It fits perfectly for class, company meetings, or anywhere that need instant feedback. You can easily manage and visualize data by importing/exporting Excel files and converting to Power point with a button.

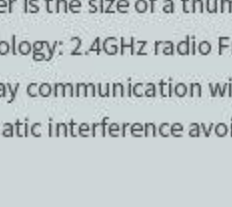

### QRF300C Remotes

Each student remote has an ID number, which can be set reset by the instructor at any time. All responses are automatically collected within seconds. Add convenience and style to your presentations with this all-in-one wireless presentation remote. Used by the instructor to control the course of activities, the instructor remote facilitates the quizzes and doubles as a laser pointer.

### Qclick Software

The Qclick software suite features modules to set up classes, create exams, design templates, manage communication and produce reports. With one click, convert an existing PowerPoint presentation into a Qclick exam, Supports all standard powerpoint features included custom animation, audio etc.

### Wireless RF receiver

Easily connects to your computer Through USB. Easy to carry, the receiver is the size of a thumb drive. Technology: 2.4GHz radio Frequency two way communication with automatic interference avoidance.

## Human Engineering Design

Environment-friendly PC material  
Exquisitely meticulous

## Instantly read a classroom

Get 100% audience participation every time. Receive immediate, honest feedback without putting anybody on the spot. The QRF300C supports various quiz formats and includes individual and group participation modes.

## Free Qclick software, no recurring charges

All you need are the clickers which come with free software, no any other charges.

## RF Receiver

Tiny and easy to carry  
Support up to 500 students  
One time connection

## Hand bag

Free handbag for even one set  
Easily to carry  
Without any loss

## Simple but Powerful software-Qclick

### 01

### Class or Conference Management

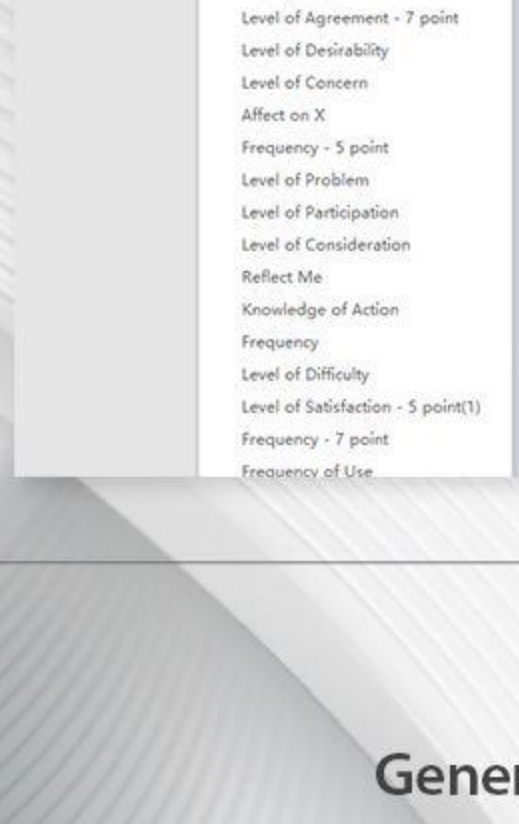

- Create testing, polls, surveys and elections
- Attendance statistics
- Real-time data analysis

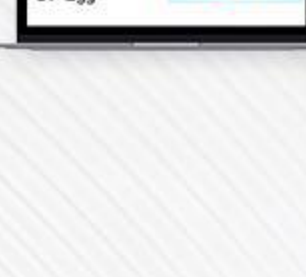

### 02

### Attendees Interaction

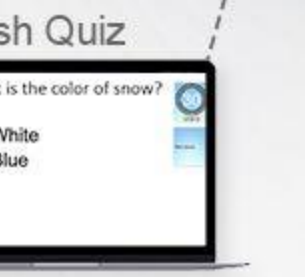

Attendees use QRF300C to express their opinion on various kind of questions or selections

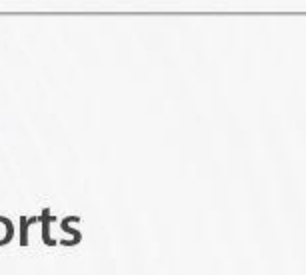

#### Multiple Choices

#### Voting

#### Rush Quiz

### 03

### Generate Analysis Reports

- Generate reports to analysis testing or conference results
- Summary reports including students score report, response report, subject report, response time report, group report and data summary

Register#	ID	Full Name	Group	Points	Time	Total Points	Letter
