► Product Introduction

The high definition QOMO WebCam is an essential tool for upgrading your remote learning or WFH (working from home) experience. Clearly record and stream conferences, online teaching, and hangouts. Built with professional quality components, it has a sharp 1080p camera and built-in dual mic to capture all of the details. The QWC-004 is also easy to clip on, adjust, and move around, with a tripod adapter on the base.
